### Description

Choose your glow with the Afterglow Deluxe+ Audio Wired Controller for Nintendo Switch. Enjoy the lightshow your Pro Controller will be able to create with the dimmable Prismatic LED lighting with full color range! Gamers can cycle through the rainbow, set their favorite color, or turn off the lights completely. Peek into the controller's clear polycarbonate housing, to reveal its inner circuitry. Since it's the Afterglow Deluxe+ Audio Wired Controller, it also includes a 3.5 mm jack with support for in-game chat and audio, as well as dual programmable back buttons. With a long USB cable, you'll have plenty of room to play, while onboard audio controls add a hassle-free way to access and adjust audio levels without interrupting gameplay.
