Description

Trend Micro Worry-Free Business Security is specially designed for small businesses, it is an easy-to-use solution that provides complete user protection for everyone on staff. Whether you're using a Windows-based PC or a Mac, Worry-Free Business Security Advanced safeguards your email, web activity, file sharing, and more. Worry-Free Business Security Advanced allows you to use your PCs, Macs, and mobile devices without fear of interruption or data loss. It is security software that doesn't require any IT expertise and won't affect your network's performance or slow down your devices. Worry-Free Business Security Advanced is the small business solution that delivers complete user protection. It stops threats before they can even reach your business. It was developed specifically for small business people, easy enough for a non-IT person to use.
