Microsoft SQL Standard Edition für Schulen, Kundenart: Schule/Ausbildungsstätte, Lizenzform: Lizenz, Produkttyp: Subscription, Lizenzdauer: 1 J.

Manufacturer	Microsoft
Manufacturer#	228-09538

Description

Business today demands a different kind of database solution. Performance, scalability, and reliability are essential, and time to market is critical. Beyond these core enterprise qualities, SQL Server provides agility to your data management and analysis, allowing your organization to adapt quickly and gracefully to derive competitive advantage in a fast-changing environment. From data management and analysis perspectives, it is critical to turn raw data into business intelligence and take full advantage of the opportunities presented by the Web. A complete database and data analysis package, SQL Server opens the door to the rapid development of a new generation of enterprise-class business applications that can give your company a critical competitive advantage. Standard edition is an affordable option for small and medium-sized organizations. It includes the core functionality needed for non-mission-critical e-commerce, data warehousing, and line-of-business solutions. MICROSOFT OPEN VALUE SUBSCRIPTION OPTION With the Subscription option, you pay a single price per desktop (five desktop minimum) to deploy Microsoft technology as the standard across your organization, just as with the Company-wide option. However, the Subscription option provides you with rights to run the software only during the term of the agreement with Microsoft (nonperpetual). SOFTWARE ASSURANCE Microsoft's Software Assurance gives you automatic access to new technology and provides productivity benefits, support, tools, and training to help deploy and use software efficiently. With Software Assurance, you receive access to new versions of licensed software released during the term of your agreement to deploy at your own pace. New Version Rights simplifies the procurement process and shortens the business process cycle, allowing you to reduce the costs associated with acquiring new version releases and immediately take advantage of the latest technology.

Specification

Product Description	Microsoft SQL Server Standard Edition - licence & software assurance - 1 server
Product Type	Licence & software assurance
Category	Business applications - databases / database tools
Licence Qty	1 server
Licence Pricing	Volume / Level E
Licensing Program	Microsoft Open Value Subscription
Licensing Details	Additional product, annual fee
Platform	Windows
Language	All Languages
Service & Support	New releases update
