Description

G DATA Total Security is made for those who want everything: Best protection on the Internet combined with maximum comfort. More G DATA is not possible. Photos, videos, documents: Back up your data automatically and save the copies on your PC or in the cloud. Now nothing can go wrong. Password123? Better not. The password manager remembers all your passwords for you and creates new ones on demand that can't be cracked. No opportunity for extortion Trojans: the Anti-Ransomware technology detects extortion Trojans before they can take your data hostage.
