### Description

The DIGITRADIO 750 provides a vast range of entertainment in the most compact of spaces. The digital radio receives the full range of FM and, of course, DAB+ stations, with the best in sound quality. And, if there are still pending items on your wish list, all music fans will be delighted with the DIGITRADIO 750's versatile micro-system function. You can stream music to the radio from your tablet, smartphone or PC or via USB music from external USB data media. There's room for your CD collection too, thanks to the built-in CD player. In addition to the numerous functions, the DIGITRADIO 750 has an impressive, sophisticated design and excellent sound quality. The speakers are encased in a wooden housing and, with their 100 Watt output power, convert any room into a mini-disco. And this is possible in virtually any installation site, thanks to the compact dimensions of the DIGITRADIO 750.
