| Manufacturer  | DeLock        |
| EAN           | 4043619633333 |
| Manufacturer# | 63333         |

### Description

This adapter by DeLock can be used to extract the audio signal from an HDMI transmission. While the video signal is displayed on a TV or monitor, the audio signal can be sent digital (S/PDIF) or analog (stereo) to other devices, such as headphones or a surround receiver. The device can be connected directly to the monitor or the TV, the short cable fits easily into side or recessed HDMI ports. The source, e.g. a TV streaming stick, can be connected to the input port.

### Specification

|                     |                          |
|---------------------|--------------------------|
| Product Description | DeLock audio disembedder |
| Type                | Audio disembedder        |
| Dimensions (WxDxH)  | 5.8 cm - 5.8 cm - 1.6 cm |
