Description

Need remote server management? HPE iLO Advanced or HPE iLO Advanced for BladeSystem license provides premium remote functionality for your enterprise datacenter. With the latest HPE ProLiant Servers you gain unprecedented speed, scale and simplicity with iLO Federation technology. iLO Federation offers built-in rapid discovery of all iLOs, group configurations, group health status, and ability to determine which servers have iLO licenses. With an HPE iLO Advanced license, you can enable the full implementation of iLO Federation management for features such as Group Firmware Updates, Group Virtual Media, Group Power Control, Group Power Capping and Group License Activation.

Specification

Product Description	HPE Integrated Lights-Out Advanced - licence + 3 Years 24x7 Support - 1 server
Product Type	Licence
Category	Networking applications - system & remote management

Licence Qty	1 server
Bundled Support	3 Years 24x7 Support
Distribution Media	Electronic
Service & Support	New releases update
Designed For	ProLiant DL160 Gen10, DL180 Gen10, DL20 Gen10, DL380 Gen9, DX360 Gen10, MicroServer Gen8, ML30 Gen10, ML310e Gen8, SL250s Gen8, SL270s Gen8, XL170r Gen9, XL190r Gen9, XL290n Gen10, XL2x260w, XL740f Gen9

Techn. Details

Category	Networking applications - system & remote management
